Note 1 - Nature of Business and Significant Accounting Policies

Total Health Care, Inc. (the "Company"), a not-for-profit corporation, operates as a state-licensed health maintenance organization (HMO). Total Health Care, Inc. provides medical services to persons primarily in southeastern Michigan who subscribe as recipients of state or federal health benefits, as part of an employer group, or as individuals. Effective November 1, 2005, the Company no longer provides medical services to employer groups. Employer group contracts formerly serviced by the Company were transferred to Total Health Care USA, Inc. in 2005.

Total Health Care, Inc., and its wholly owned subsidiaries, Total Health Choice, Inc. and Total Health Care USA, Inc., have common officers on their respective governing boards.

Statutory Basis of Accounting – The financial statements have been prepared in accordance with the NAIC Accounting Practices and Procedures manual and the statutory accounting principles as prescribed by Section 1007 of the Michigan statutes. Statutory accounting principles differ from generally accepted accounting principles (GAAP) in their definition of assets and liabilities. Specifically, certain assets (such as intangible assets and receivables greater than 90 days) are excluded from the statutory basis balance sheet. GAAP net assets exceed statutory net assets by approximately \$729,024 and \$1,792,703 at March 31, 2010 and December 31, 2009, respectively. There are no significant differences between statutory accounting principles prescribed by the NAIC and the State of Michigan accounting requirements that are applicable to the Company.

Cash and Short-term Investments – The Company considers all highly liquid investments purchased with an original maturity of three months or less when purchased to be cash equivalents. Certificates of deposit in banks or other similar financial institutions with maturity dates of one year or less from the acquisition date are considered cash under statutory accounting principles.

Investments – Short-term investments and long-term certificates of deposit are recorded at amortized cost, which approximates fair market value. Long-term certificates of deposit are classified as bonds on the balance sheet per statutory guidance. Investments in health care subsidiaries are reported at the statutory net worth value of the subsidiary under the equity method and are reported as common stocks on the balance sheet. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in net investment income on the statement of operations. Changes in unrealized gains and losses on investments are included as a direct adjustment to capital and surplus.

Revenue Recognition and Accounts Receivable – Capitation revenue and subscriber premiums are recognized in the period that members are entitled to related health care services. A portion of the health care receivable is due from third-party payors for subscribers located within southeastern Michigan. No allowance for doubtful accounts is recorded in 2010 or 2009. Receivables greater than 90 days old are treated as non-admitted for statutory accounting purposes. Approximately \$374,000 and \$544,000 of receivables greater than 90 days old were non-admitted at March 31, 2010 and December 31, 2009, respectively. The Company also used to pay quality assurance assessment fees based on a percentage of revenue. Revenue for March 31, 2010 and December 31, 2009 is reported net of the fees, which totaled

\$0 and \$2,511,570, respectively.

Recognition of Medical and Hospital Expenses – Medical and hospital expenses and the related liabilities are recorded when eligible medical and hospital services are authorized or performed. Unpaid claims represent management's estimate of the ultimate cost to settle all claims incurred prior to year-end. Capitation retained for the settlement of risk-sharing is included in the accrued medical incentive pool liability at March 31, 2010 and December 31, 2009.

Physician Group Contracts – The Company contracts with physician groups for the provision of medical care and compensates the groups on a capitation basis. During 2007, the Company revised its physician group contracts. These contracts have a specialty claims incentive and pay–for–performance incentive. If the providers meet the incentives, they share in the savings and a payable is recorded. If the providers do not meet the incentives, they share in the excess costs and a health care receivable is recorded if deemed collectible by management. During 2010 and 2009, health care receivables and payables have been recorded from/to providers.

Hospital Group Contracts – The Company has contracts with several hospitals and other groups. These contracts are paid under capitated fees or various other charge arrangements.

Malpractice Claims – The Company has a claims-made policy for malpractice insurance. The Company's policy is to accrue for estimated costs of claims and incidents during the term of the claims-made policy.

Employee Staffing and Purchased Services Agreement – The Company has an employee staffing and purchased services agreement with a limited liability company, which is responsible for payment of most of the management, operational, and administrative expenses. Ultimate operational control rests with the board of directors of Total Health Care, Inc.

Income Taxes – Total Health Care, Inc. has received federal income tax exemption under Internal Revenue Code Section 501(c)(4). The Company is also exempt from state and local income taxes.

Funds Maintained Under Statutory Requirements – The Company maintains segregated funds under statutory requirements to protect members and health care providers in the event the Company is unable to meet its contractual obligations. These funds can be used only at the direction of the insurance commissioner in accordance with statutory and contractual provisions. These funds are classified according to the nature of the investment. At March 31, 2010 and December 31, 2009, \$1,000,000 was held in short-term certificates of deposit to fulfill these requirements. Interest earned on these funds can be utilized by the Company.

Use of Estimates – The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Certain significant estimates exist relating to unpaid claims. It is at least reasonably possible that these estimates will be materially revised in the near term.

Note 21 – Events Subsequent

The Company's wholly-owned subsidiary, Total Health Choice, Inc. experienced significant losses from operations during the three months ended March 31, 2010 and the year ended December 31, 2009, resulting in deficit capital and surplus at March 31, 2010 and December 31, 2009. To eliminate this deficiency, Total Health Choice, Inc. entered into an Asset Purchase Agreement with Simply Healthcare Plans, Inc. whereby certain assets and liabilities of Total Health Choice, Inc. would be acquired by Simply and Simply would assume the Medicaid contracts currently operated by Total Health Choice, Inc.. The commercial

business will not be acquired by Simply as part of the Asset Purchase Agreement. This agreement requires Simply to manage and be responsible for the commercial business throughout the claims run-off period. Total Health Choice, Inc.'s Certificate of Authority (COA) will be suspended and remain so until all commercial claims have been paid. The acquiring entity was to prepare a Statement of Acquisition, Merger or Consolidation of a Specialty Insurer to be filed with the Florida Office of Insurance Regulation ("OIR") pursuant to Florida law. The transaction was contingent upon the execution of a binding agreement between Total Health Choice, Inc., Total Health Care, Inc., and the acquiring entity and all regulatory approvals being secured. Subsequent to the transactions completion, Total Health Choice, Inc. intends to surrender its certificate of authority to operate as a health maintenance organization and to exit the Florida market. In the event the transaction is not consummated to the satisfaction of the OIR, the OIR will begin taking regulatory action to terminate the existence of Total Health Choice, Inc.
